POLICY VALUE PROVISIONS

Policy Premium

Your Policy Details shows the basic premium payable in a policy year, the premium paying mode, the installment premium and its due dates. Subject to the Policy Discontinuance provision, we must receive installment premiums when due in order for this contract to be valid and remain in effect.

Top-Up Premium

Top-up premium is the additional amount/s paid by you within a policy year over and above the basic premium. You are free to pay a top-up premium anytime provided all prior due basic premiums have been paid in full.

The minimum top-up premium is Rs. 5,000 and at any point the total top-up premiums paid cannot exceed the total basic premiums paid to date, subject to our then current underwriting guidelines, your Top-up Sum Assured will be equal to the top-up premium paid at that time multiplied by:

- 125% if attained age of the Life Insured is less than 45 years; or
- 110% if attained age of the Life Insured is 45 years or more.

Premium Allocation Percentage

Depending upon the investment option selected by you – Systematic Transfer Option, Return Optimiser or Self-Managed Option - the premium allocation percentage is shown in Your Policy Details and specifies the percentage of each basic premium and top-up premium that will be allocated to a particular investment fund.

For the **Systematic Transfer Option**, we will initially allocate your premiums in Liquid Plus investment fund. Your Policy Detail shows the Transfer Date and the Transfer Fund. On every Transfer Date we shall transfer 1/12th of the allocated amount from Liquid Plus investment fund to your chosen Transfer Fund. Transfer Date & Transfer Fund once chosen at inception cannot be changed. Top-up premiums paid during the premium paying term shall be initially allocated in the Liquid Plus investment fund and shall be transferred to the chosen Transfer Fund along with the last instalment during the policy year. Top-up premiums paid after the premium paying term shall be directly allocated into the chosen Transfer Fund.

For the **Self-Managed Option**, you may allocate a minimum of 5% and maximum of 100% to each investment fund available under this option. The premium allocation percentage to each investment fund must be in increments of 5% and the total percentage across all investment funds must be 100%.

For the **Return Optimiser Option**, we will initially allocate your premiums in Maximiser fund. Maximiser fund will be tracked every day for each policyholder for a pre-determined upside movement of 10% or more over the net invested amount (net of all charges). In the situation where the gain from the Maximiser fund reaches 10% or more of the net invested amount, the amount equal to the appreciation will be transferred to the Income Advantage fund at the prevailing unit price. However there could be a situation beyond control of the company where such realization and switching of gains may not be possible and for that company would not be liable to pay any compensation.

You may request in writing to change your premium allocation percentage by using the premium redirection facility at any time. Once received by us, your change request will apply to all basic premiums and top-up premiums received by us from that date onwards.

The facility of switching between investment options can be availed of anytime after the first policy year, though only investment option can be selected at a time. You can switch to Self-Managed Option anytime during the policy term; however, switching to Systematic Transfer Option can be done only on policy anniversary. Switching to the Return Optimiser option is not allowed.

All basic and top-up premiums will be allocated to the new investment option selected from the date of change. We currently charge Rs. 50 per request and reserve the right to increase this charge at any time in the future, subject to a maximum of Rs. 500 per request and prior IRDA approval.

Policy Fund Value

The Policy Fund Value is the total of the Basic Fund Value and Top-up Fund Value; where Basic Fund Value is equal to the units pertaining to basic premiums allocated to the investment fund/s chosen by you multiplied by its then prevailing unit price and Top-up Fund Value is equal to the number of units pertaining to top-up premiums allocated to the investment fund/s chosen by you multiplied by its then prevailing unit price

As detailed in the Investment Fund Provisions, units are allocated when a premium (net of premium allocation charge) is received or switches are made and units are redeemed when a partial withdrawal is made or when a policy charge is due on a monthly processing date or otherwise. Additional units will be allocated to your policy when a Guaranteed Addition is added by us as detailed in the Policy Benefit Provisions.

Partial Withdrawal

You are free to make a partial withdrawal at any time after five complete policy years and provided life insured is attained age 18 or older. The partial withdrawals shall first be adjusted from the Top-up Fund Value (except any top up premiums paid in the previous five years immediately preceding the date of withdrawal); if any. Once the Top-up Fund Value is exhausted, partial withdrawals would be adjusted from Basic Fund Value. The top-up sum assured will remain unchanged after any withdrawal from the top-up fund value.

The partial withdrawal you can make is subject to a minimum of Rs. 5,000 and a maximum equal to any excess of the Fund Value over one Basic Premium payable in a policy year plus top-up premiums paid during the five years immediately preceding the date of partial withdrawal. The total amount of partial withdrawal in a policy year shall not exceed 25% of the total fund value at the beginning of the policy year.

We currently charge Rs. 50 per partial withdrawal and reserve the right to increase this charge at any time in the future, subject to a maximum of Rs. 500 per request and prior IRDA approval.

Policy Discontinuance

We recommend you pay each instalment premium on or before its due date. However, you are given a grace period of 30 days (15 days in case the premium is paid monthly) to pay the due instalment premium without incurring any penalty, during which all the benefits will continue inclusive of the risk cover and deduction of charges.

If we do not receive the entire due instalment premium by the end of the grace period, we shall send you a reminder notice within 15 days asking you to exercise one of the following two options within 30 days from the receipt of notice:

- (a) Pay all the due instalment premiums and continue the policy; or
- (b) Completely withdraw from the policy.

If we do not receive any intimation within 30 days from the receipt of the notice you shall be deemed to have chosen the option to completely withdraw from the policy.

The discontinuance date is the date when you decide to completely withdraw from the policy or the date you are deemed to have completely withdrawn, whichever is earlier.

- (a) *If all due instalment premiums for first five policy years are not paid fully* – On the discontinuance date, the risk cover will cease and the Policy Fund Value less the discontinuance

charge will be transferred to the Linked Discontinued Policy Fund. The Linked Discontinued Policy Fund will earn the actual return (less a fund management charge of 0.50% per annum.) or a minimum guaranteed interest rate (which currently is 4% p.a.) whichever is higher. The policy proceeds from this fund will be payable to you on the date corresponding to your fifth policy anniversary or at the end of revival period, if later. In the unfortunate event of death of the Life Insured while the policy is not yet revived, we will pay the policy proceeds immediately and terminate the contract.

- (b) *If all due instalment premiums for first five policy years are paid fully* – On the discontinuance date, we shall pay to you the Policy Fund Value and terminate the contract, unless you choose to continue the policy in the following manner:
- By paying all outstanding due instalment premiums within the revival period, during which all the benefits will continue with the deduction of charges; or
 - choose to continue the policy as per Paid-up provision without paying any further instalment premiums
- On failing to pay all due basic premiums by the end of revival period and if you chooses to continue the policy without paying future basic premiums, the policy will automatically continue on a paid-up basis

Revival - You can revive your policy within two years from the discontinuance date.

To revive your policy, you must pay all due and unpaid instalment premiums till date and provide us with evidence of insurability satisfactory to us with respect to the Life Insured. The effective date of the revival is when these requirements are met and approved by us. On the effective date of the revival, we shall restore the Sum Assured to its original value, add back the discontinuance charges deducted on the discontinuance date and deduct the outstanding premium allocation charge and policy administration charge, as per existing IRDA guidelines, due since the discontinuance date, from the Policy Fund Value and then reinvest at the then prevailing Unit Price(s).

Policy Paid-Up

You may choose to stop paying premiums at any time once all due instalment premiums, for at least five policy years have been paid and continue this policy on a paid-up basis. The policy will automatically be deemed paid-up if you choose to continue it without paying any future premiums as explained in the Policy Discontinuance provision (b).

Under the paid-up status, the policy will continue with the following modifications:

- Basic Sum Assured shall be reduced in proportion to the installment premiums actually paid to the total installment premiums payable during the premium paying term.
- Mortality charges will be deducted for the reduced sum at risk and other policy charges will remain unchanged.

Termination of Policy

Your policy will terminate at the earliest of:

- the date on which the revival period ends after your policy has lapsed and has not been revived as per Policy Discontinuance Provision (a); or
- the discontinuance date as per the Policy Discontinuance Provision (b); or
- the date the Policy Fund Value becomes zero; or
- the date of settlement of the death benefit; or
- the date of payment of the surrender value, if any; or
- the date when the maturity benefit is paid

POLICY BENEFIT PROVISIONS

We will add the following Guaranteed Additions to your Policy Fund Value while the policy is still in effect:

- On 10th policy anniversary and on every 5th policy anniversary thereafter, we shall add a Guaranteed Addition equal to 2.00% of the total premiums paid in the last 5 policy years; plus
- On 11th policy anniversary and every policy anniversary thereafter, we shall add a Guaranteed Addition equal to 0.35% of the average Policy Fund Value in the last 12 policy months. The average Policy Fund Value shall be the sum of the Policy Fund Value after each monthly processing date in the last 12 policy months, all divided by 12.

After the completion of 5 policy years, non-negative residual additions, if any, shall be credited to the policy in order to meet the maximum reduction in yield as in Regulation 37 of IRDA (Linked Insurance Products) Regulations, 2013.

INVESTMENT FUND PROVISIONS

Investment Fund

An investment fund is a specific and separate fund managed for the exclusive interest of all policyholders sharing the same investment fund.

The company has sole discretion on the investment and management of each investment fund within the limits defined in Schedule A given in Your Policy Details. The allocation of units in the investment fund under this policy is notional and is solely for the purpose of determining the Policy Fund Value.

Investment Risk

An investment by you in any investment fund is subject to market and other risks. Other than the explicit guarantees provided by us, there is no assurance that the objectives of any investment fund will be achieved.

The unit price of any investment fund may increase or decrease as per the performance of the financial markets. The past performance of any investment fund offered by us in this policy or otherwise does not indicate the future performance of any investment funds. The name/s of the investment fund/s and that of the policy do not in any way indicate the quality of the returns that can be expected from the investment fund/s.

Investment Fund Valuation

We usually determine the value of each investment fund at the end of every business day. The net asset value (NAV) is determined based on (the market value of investments held by the fund *plus* the value of any current assets *less* the value of any current liabilities & provisions) *divided by* the number of units existing at valuation date (before creation or redemption of any units)

This unit price will be published on our company's website.

Investment Fund Unit Allocation and Unit Redemption

On each business day, the cut-off time is 3 p.m. by which time we must have received and accepted your instructions to invest in, or encash units from an investment fund. Instructions accepted by us up to the cut-off time are executed using the unit price we determine at the end of that business day. Instructions accepted by us after the cut-off time will be executed using the unit price determined by us at the end of the next business day.

Instruction to invest is deemed accepted by us when we receive cash, demand draft or local cheque at any of our offices by duly authorized officials. For outstation cheque, instruction to invest is deemed accepted by us only on the day we receive credit in any of our bank accounts.

The number of units allocated equals the monetary amount invested in an investment fund divided by its unit price at that time. Units are allocated when we receive a premium or when we execute your request to switch units from another investment fund (as applicable to your policy).

The number of units redeemed equals the monetary amount encashed from an investment fund divided by its unit price at that time. Units are redeemed when we execute your request for a partial withdrawal or when we execute your request to switch units to another investment fund (as applicable to your policy). In case of partial withdrawals, units will be redeemed from all investment funds under your policy in proportion to their value at that time.

On each monthly processing date, policy charges will be covered by redeeming units from all investment funds under your policy in proportion to their value at that time. In case a Guaranteed Addition is added to your policy, units will be allocated to all investment funds under your policy in proportion to their value at that time. For the purpose of this paragraph, we will use the latest unit prices available.

Termination of your policy, for any reason, will result in the redemption of all units in all investment funds under your policy at the time.
